

READY IN AN INSTANT.

Installing and setting your theme

Introduction

Thank you for choosing Magic Christmas theme.

Please: rate this theme on Prestastore!

If you are **NOT** able to install or run correctly Template Installer Module (as Prestashop Team suggests) you have to follow every step illustrated in this Guide.

Otherwise you have to:

1. Install your Prestashop (if you start from scratch)
2. Install Template Installer (<http://addons.prestashop.com/it/1713-template-installer.html>) as module
3. Run Template Installer (click Configure)
4. Follow Template Installer instructions (if you get this theme, you have to choose "Import from your computer" to upload archive.zip from your pc)
5. Follow this Guide from point 3.2 to get correct and complete configuration
ANYWAY I suggest to read this guide from the start.

NOTE: Template Installer Module give you only

- List of Module enabled/disabled
- Module Positions
- Images sizes*

* **You have to regenerate images** (see section 3.3 to get correct settings).
